COMMUNITY SPRAYING NEEDED TO SAVE TREES

Insect pests are making serious inroads on the shade trees and fruit trees of Monett. Each year brings more of the pests and our beautiful trees are liable to be killed if something is not done to save them. The bag worms are gradually extending the territory they infest and caterpillars, green lice and various insects are taking the shade trees. Borers are working on our fruit trees and the San Jose scale is also present.

A community spraying outfit would save the trees if properly used. A man with a good sprayer could find plenty to do here and the citizens would be glad to pay for having the work done. But it is useless to spray one lot while the one next to it is unsprayed. A wholesale spraying for several years would stop the pests and save the trees, which make our town beautiful.

GRAPESHOT AND SHRAPNEL

Work never kills but it makes some people mighty tired.

Optimism based on full knowledge of the facts is all right. Pessimism based on ignorance is all wrong.

IF WOMEN ONLY KNEW What a Heap of Happiness It Would Bring to Monett Homes.

Hard to do house work with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains often come from weak kidneys.

"I would save much needless woe. Doan's Kidney Pills are for weak kidneys. Ask your neighbor!

Read what a Monett citizen says: Mrs. Fannie E. Turner, 207 7th St., says: "I have suffered a great deal from kidney trouble. Doan's Kidney Pills are the only remedy that has ever done me any good. My worst trouble was rheumatic pains from which I have suffered severely. My joints ached and my muscles became knotted and drawn up. I also had gravel which caused me a lot of trouble. I used Doan's Kidney Pills and they dissolved the gravel and their continued use entirely cured me of all the other symptoms. It is seldom that my kidneys show the least sign of weakness but when they do a short use of Doan's is sure to remove the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Turner had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

PLATFORM FIGHT THEATENS SPLIT

LaFollette Follows Demand Revision Of Nine Planks Submitted to Convention.

Chicago, July 13.—Faced with the task of re-tailoring their platform to fit the candidate, the resolutions committee of the new political party struggled tonight to compromise widely divergent views into a comprehensive statement of political principles, satisfactory to Senator Robert La Follette. The Wisconsin solon "wants to lead the new party," Chairman Charley Christenson of Utah told the delegates before they adjourned. The delegates had waited several hours to adopt a platform and to elect a leader when Christenson's announcement made it evident there was no hope of the platform committee reaching a common ground tonight.

Earlier they had found such a ground and completed a draft of nine planks. It was on the consideration of these that the new born party, fused from the labor party, committee of Forty-Eight and half a dozen other minority groups, faced their first split, and for a time the infant movement threatened to expire in a flow of heated argument.

An acceptable compromise was reported in sight when representatives of Senator La Follette appeared before the resolutions committee to announce that his acceptance of the nomination, expected to be tendered to him, would not be forthcoming until certain planks were rewritten.

His objections, it was reported, were based principally on a foreign relations plank, which indorsed a league of nations, favored recognition of Irish freedom and soviet Russia and lifting of the Russian blockade and another plank advocating nationalization of all essential industries and raw materials.

The convention marked time for hours while the conferees argued and then adjourned.
